INTERNATIONAL SEARCH REPORT

(Article 18 as well as Rules 43 and 44 PCT)

Applicant's or Agent's Reference Number 11203p	FURTHER PROCEDURE See notice on sending the International Search Report (PCT/ISA/220 Form) and, if applicable, Item 6 below	
International application number PCT/EP 03/13779	International filing date (day/month/year) 05/12/2003	(Earliest) priority date (day/month/year) 12/16/2002
Applicant BALL PACKAGING EUROPE GMBH		
This International Search Report was prepared by the International Searching Authority and is sent to the applicant pursuant to Article 18. A copy is sent to the International Bureau.		
This International Search Report comprises a total of 3 pages.		
X In addition, a copy of the state of the art documents mentioned in this Report is attached to it.		
1. Basis of Report		
a. Concerning the language , the International Search was carried out on the basis of the international application in the language in which it was filed, unless specified otherwise in this item.		
<input type="checkbox"/> The international search was carried out on the basis of a translation of the International Application filed with the searching authority (Rule 23.1 b)).		
b. Concerning the nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence protocol that		
<input type="checkbox"/> is contained in the international application in the written form,		
<input type="checkbox"/> was filed together with the international application in machine readable form,		
<input type="checkbox"/> was filed later with the authority in the written form,		
<input type="checkbox"/> was filed later with the authority in machine readable form.		
<input type="checkbox"/> The declaration that the sequence protocol filed later in writing does not go beyond the disclosure of the international application at the time of the application was presented.		
<input type="checkbox"/> The declaration that the information recorded in the written form corresponds to the written sequence protocol was presented.		
2. <input type="checkbox"/> Certain claims have proved to be non-searchable (see Field I).		

3.	<input type="checkbox"/> Lack of uniformity of the application (see Field II).
4.	<p>Concerning the title of the invention</p> <p><input type="checkbox"/> the wording as filed by the applicant is approved, X the wording was specified by the authority as follows: EINSATZ FÜR UNTER DRUCK STEHENDEN FLÜSSIGKEITSBEHÄLTER [INSERT FOR A PRESSURIZED CONTAINER OF LIQUID]</p>
INTERNATIONAL SEARCH REPORT	
5.	<p>Concerning the Abstract</p> <p>X the wording as filed by the applicant is approved, <input type="checkbox"/> the wording was specified by the authority according to Rule 38.2b with the text given in Field III. The applicant may submit comments to the searching authority within one month after the mailing of this International Search Report.</p>
6.	<p>The following figure of the drawings is to be published with the abstract:</p> <p style="text-align: right;">Figure No. 3 <input type="checkbox"/> none of the figures</p> <p><input type="checkbox"/> as suggested by the Applicant, <input type="checkbox"/> because the Applicant himself has not suggested any figure, X because this figure better characterizes the invention.</p>
